INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Winfield Township
West Chicago, Illinois

Opinions

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **Winfield Township, DuPage County, Illinois**, as of and for the year ended March 31, 2025, and the statements of revenues, expenditures and changes in fund balance – budget and actual for the General Town Fund and the Permanent Road, General Road, and Equipment and Building (Major Special Revenue) Funds and the related notes to the financial statements, which collectively comprise the Township's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of **Winfield Township, DuPage County, Illinois**, as of March 31, 2025, and the respective changes in financial position and the respective budgetary comparison for the General Town Fund and the Permanent Road, General Road, and Equipment and Building (Major Special Revenue) Funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis (pages 4-11), the multiyear schedule of changes in net pension liability and related ratios (pages 49-50), and the multiyear schedule of contributions (page 51) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The information listed as supplementary information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Property Tax Assessed Valuations and Rates – Last Three Fiscal Years but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**Winfield Township
Management's Discussion and Analysis
March 31, 2025**

As the Township Board of Winfield Township (Township), we offer readers of the Township's financial statements this narrative overview and analysis of the financial activities of the Township for the fiscal year ended March 31, 2025.

Financial Highlights

- The Township's total assets exceeded total liabilities by \$19,729,395 (\$20,137,097 at March 31, 2024). Of the Township's net position at the end of the current and prior year, \$3,052,726 and \$3,381,320, respectively, is unrestricted and may be used to meet the Township's ongoing obligations to citizens and creditors.
- At the close of the current fiscal year, the Township's governmental funds reported combined ending fund balance of \$3,385,035. Approximately 41% of the total amount, \$1,157,517, is unassigned and available for spending at the Township's discretion.
- The unassigned fund balance of the General Town Fund decreased by \$78,763 in the current year and is \$1,157,517 at March 31, 2025.

Overview of the Financial Statements

The discussion and analysis provided here are intended to serve as an introduction to the Winfield Township's basic financial statements. The financial statements have three major components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-sector business.

The **Statement of Net Position** presents information on all of the Township's assets and liabilities, with the difference between the two reported as **Net Position**. Over time, increases or decreases in net position may serve as a useful indicator of whether the Township's financial position is improving or deteriorating.

The **Statement of Activities** presents information showing how the Township's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements include functions of the Township that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the Township include: General Government, Home Relief, Maintenance of Roads, Community Programs, Building and Equipment, and Cemetery Maintenance.

The government-wide financial statements can be found on pages 12 through 14 of this report.

Overview of the Financial Statements (cont'd)

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Township, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Township can be divided into two categories: governmental funds and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Township maintains nine individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Town Fund, Permanent Road Fund, General Road Fund, Equipment and Building Fund, and Motor Fuel Tax Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

The Township adopts an annual appropriated budget for its General Town Fund and Special Revenue Funds (except the Motor Fuel Tax Fund). A budgetary comparison statement has been provided for the General Town Fund and other major funds to demonstrate compliance with this budget.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 31 through 48 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Township's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 49 through 51 of this report.

Overview of the Financial Statements (cont'd)

The combining statements referred to earlier in connection with non-major governmental funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 52 through 60 of this report.

Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Winfield Township, assets exceeded liabilities by \$19,738,541 at the close of the most recent fiscal year.

Condensed Statement of Net Position

	March 31,	
	2025	2024
Assets:		
Current and other assets	\$ 7,504,720	\$ 7,189,737
Net pension asset	306,149	199,100
Capital assets, less accumulated depreciation	<u>15,844,507</u>	<u>16,255,314</u>
Total assets	<u>23,655,376</u>	<u>23,644,151</u>
Deferred outflows:		
Pension-related	<u>251,993</u>	<u>529,985</u>
Total assets and deferred outflows	<u>23,907,369</u>	<u>24,174,136</u>
Liabilities	<u>382,124</u>	<u>396,280</u>
Deferred inflows:		
Unearned property tax revenue	3,795,850	3,640,759
Pension-related	<u>-</u>	<u>-</u>
Total deferred inflows	<u>3,795,850</u>	<u>3,640,759</u>
Total liabilities and deferred inflows	<u>4,177,974</u>	<u>4,037,039</u>
Net position:		
Net investment in capital assets	15,844,507	16,255,314
Restricted	832,162	500,463
Unrestricted	<u>3,052,726</u>	<u>3,381,320</u>
Total net position	<u>\$ 19,729,395</u>	<u>\$ 20,137,097</u>

By far, the most significant portion of the Township's net position, 80.3 percent, reflects its investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding. The Township used these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Township's investment in its capital assets is reported net of related debt, it should be noted that there is no outstanding debt as of the end of the fiscal year.

Financial Analysis (cont'd)

An additional portion of the Township's net position, approximately 4.2 percent, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$3,052,726 may be used to meet the Township's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Township is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental activities. The same situation held true for the prior fiscal year.

The Township's net position decreased by \$407,702 during the current fiscal year as discussed below.

Governmental activities. A condensed statement of activities is reported below.

Condensed Statement of Activities

	For the Year Ended March 31,	
	2025	2024
Program revenues:		
Charges for services	\$ 12,401	\$ 11,166
Operating grants and contributions	98,276	95,617
General revenues:		
Taxes	3,700,043	3,708,211
Unrestricted investment earnings	59,169	52,873
Miscellaneous/other	83,386	106,953
Total revenues	3,953,275	3,974,820
Expenses:		
General government	1,631,246	1,286,684
Home relief	79,700	84,423
Maintenance of roads	2,236,798	1,699,436
Community programs	188,253	196,115
Buildings and equipment	152,643	398,593
Cemetery	1,292	6,342
Senior bus program	71,045	66,821
Total expenses	4,360,977	3,738,414
Change in net position	(407,702)	236,406
Net position, beginning of the year	20,137,097	19,900,691
Net position, end of the year	\$ 19,729,395	\$ 20,137,097

Financial Analysis (cont'd)

Governmental activities decreased the Township's net position by \$407,702 accounting for 100 percent of the total increase in the net position of the Township. Key elements of this increase are as follows: Revenues generally exceeded or approximated budgeted expectations, except within the General Fund where revenues fell short of budgeted expectations by \$203,263, as state replacement taxes were \$155,528 under budget. The Township also budgeted revenue and expense for amounts being committed for future improvements in the General Town and Equipment and Building Funds of \$50,000 and \$80,000, respectively. The actual commitment was recorded in the General Fund as a commitment of existing fund balance and not revenue and expense. No further commitment was made in the Equipment and Building fund.

For the most part, expenses closely paralleled the prior year in most categories. General government expenses increased as the pension expense adjustment for the change in the net pension liability and deferred outflows increased expenses by \$170,943 (decreased expenses by \$282,073 in the prior year). Maintenance of roads expenses increased from \$1,699,436 in the prior year to \$2,236,798 in the current year as road project costs increased.

Financial Analysis of the Township Funds

As noted earlier, the Township used fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Township's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Township's financing requirements. Unassigned fund balance may serve as a useful measure of a Township's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Township's governmental funds reported combined ending fund balances of \$3,385,035, an increase of \$190,884 in comparison with the prior year. Approximately 34% of this total amount, \$1,157,517, constitutes unassigned fund balance, which is available for spending at the Township's discretion. A portion of the fund balance (\$16,399) is considered nonspendable as it offsets prepaid expenses. The remainder of the fund balance is either restricted or committed to indicate that it is not available for new spending because it has already been restricted or committed for the specific purpose of each special revenue fund.

The General Town Fund is the chief operating fund of the Township. At the end of the current fiscal year, unassigned fund balance of the General Town Fund was \$1,157,517 and the total fund balance was \$1,266,626. Unassigned fund balance represents 96.3% of total General Town Fund expenditures.

The fund balance of the Township's General Town Fund decreased by \$26,013 during the current fiscal year. No transfers in or out of the General Town Fund were reported in the current year.

General Town Fund Budgetary Highlights

There were no differences between the original budget and the final amended budget for the General Town Fund.

Capital Assets

The Township's investment in capital assets, net of accumulated depreciation, as of March 31, 2025, amounts to \$15,844,507 (\$16,255,314 at March 31, 2024). This investment in capital assets includes land, right of way, buildings and improvements, vehicles, machinery and equipment, and infrastructure. The Township's net capital assets decreased by \$410,807 (2.6%), as depreciation exceeded additions. No major capital asset events took place in the current year. Additional information on capital assets can be found at Note III.B. on page 41.

Economic Factors and Next Year's Budgets and Rates

During the current fiscal year, unassigned fund balance in the General Town Fund decreased to \$1,157,517. The Township and Road District's budgets for the 2025-2026 fiscal year reflect the expected utilization of some of the existing fund balances.

The Township's primary source of revenue is tax dollars. The Road District receives minimal income from parking violation tickets (approximately \$5,000 annually). There are donations from Salvation Army, churches, and private parties (approximately \$1,000 this year) which help with the Emergency Assistance and our Adopt-a-Family Christmas programs.

This fiscal year we have continued to lower our tax levy and reduce the tax burden on our residents.

We fund many worthwhile programs which aid our residents; their yearly requests exceed the 5% every year. It makes for tough decisions by the Board of Trustees as we see these programs losing out on funding in many areas (federal, state, local, grants, etc.) while their costs continue to rise. Compromises are always made, and budgets balanced.

In prior years, we adjusted the requirements for Emergency Assistance in order to stay more current with the cost of living. This adjustment allows us to help more eligible people that come to our office. We will continue to review and monitor this important program. Our grant amount for General Assistance recipients also was increased to stay current with the cost of living.

Initiatives

The Township fully funds and administers the Winfield Township Bus. This program is a much-needed service for our seniors and disabled residents. We anticipate this program to continue to be successful and to offer reasonable and affordable transportation to our seniors and disabled adults.

We work with a third-party administrator for health insurance which continues to save both the employee and the Township money and will continue to offer insurance to our employees while maintaining cost savings for the Township for as long as we can.

Initiatives (cont'd)

We have been successful in continuing the fine service for the Township residents that they have received in the past while staying within the budget and tax caps. Residents continue to use our Township website, and this year we revised our website to offer a more mobile friendly website. It is our continued goal to review and pursue modern technology that will allow employees to perform their jobs more efficiently.

Every fall, Winfield Township hosts our Annual Recycling Extravaganza. Every year our numbers grow, and rain or shine, we are hugely successful in taking in items that are recyclable and saving them from dump sites. We will continue this annual event in the Fall and years to come as long as there is a need in the community. The Highway department also collects used vegetable oil throughout the year.

The Assessor's office automated, and on-line property searches are available. This has been very useful for many, especially area realtors. Our elected officials are active in county-wide and state-wide associations. These associations encourage networking and partnerships, and continue to be a useful source of contacts, new programs, new laws, and opportunities. Our elected officials also receive continuing education through programs offered throughout the year.

Looking Forward

Big Woods Cemetery is a historic cemetery that came into the Township jurisdiction over 40 years ago. Much care has been taken over the years to restore the headstones and update the cemetery. The Township maintains the cemetery and the records.

We will continue to work with our neighborhood food pantry. We have reserved a time for our senior riders to utilize the food pantry before it opens to the public. We will also continue to participate in programs such as the Winfield Township project backpack, Winfield Township Thanksgiving Baskets, National Night Out, and Senior Expos, as well as continuing the much-anticipated annual recycling event. We will continue to offer the additional services that our residents utilize us for, such as temporary placards, notary publics, voter registration, and weed control services for the unincorporated areas. We anticipate having continued opportunities to speak at functions such as senior lunches and homeowner's association annual meetings.

We will continue to offer both our Senior and Disabled Bus Service moving forward and continue to evaluate the benefit to our senior and disabled riders.

Continuing to offer friendly, courteous service and programs, as well as explore additional ways to serve our residents is a high priority endeavor. The Supervisor feels that more can be accomplished through developing partnerships, sharing ideas, and dividing the burden of the work and/or cost. The Supervisor will continue to pursue partnerships that will offer new programs and opportunities to the residents of the Township while having a focus on meeting the needs of the growing number of unemployed and needy / underprivileged within our Township.

We have added a lending closet for medical supplies, and we have implemented additional services such as license plate renewal stickers and fishing licenses.

Looking Forward (cont'd)

The Board officials have worked diligently to give the most amount of service for the dollar, and I am very proud to serve. We will continue to strive for fiscal responsibility in all our decisions.

Requests for Information

This financial report is designed to provide a general overview of the financial operations of the Winfield Township. Questions concerning any of the information in this report or requests for additional information should be sent to the Township Supervisor, 130 Arbor Avenue, Winfield, Illinois 60185.

Reconciliation of Balance Sheet of Governmental Funds
to the Statement of Net Position
March 31, 2025

Total fund balance - governmental funds (page 16)	\$ 3,385,035
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	15,844,507
Deferred outflows of resources related to the net pension liability are not deferred in the governmental funds.	251,993
Pension asset (liability) is not due and payable in the current period and, therefore, is not reported in the funds.	306,149
Compensated absences payable were not paid in the current year and, therefore, are not reported in the funds.	<u>(58,289)</u>
Net position of governmental activities (page 12)	<u>\$ 19,729,395</u>

See accompanying notes and independent auditor's report.

Winfield Township, DuPage County, Illinois
Reconciliation of the Statement of Revenues, Expenditures and Changes in
Fund Balances - All Governmental Fund Types to the Statement of Activities
For the Year Ended March 31, 2025

Amounts reported for governmental activities in the statement of activities (pages 13 and 14) are different because:

Net changes in fund balances - total governmental funds (page 19)	\$ 190,884
<p>Governmental funds report capital outlays as expenditures. However, in the statement of activities, the costs of these assets are allocated over their estimated useful lives and reported as depreciation expense.</p>	
Additions to capital assets	160,543
Depreciation expense	(571,350)
<p>Outflows and inflows related to the net pension liability, as well as the change in the net pension liability, are not due and payable in the current period and, therefore, are not reported in the funds.</p>	
	(170,943)
<p>Governmental funds report revenues and expenses as measured by what was actually received and used. However, in the statement of activities, revenues are reported when earned and expenses reported when incurred.</p>	
Changes in accrued vacation	<u>(16,836)</u>
Changes in net position of governmental activities (page 14)	<u>\$ (407,702)</u>

See accompanying notes and independent auditor's report.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements

I. Summary of Significant Accounting Policies

A. The Reporting Entity

Winfield Township ("Township") is duly organized and existing under the provisions of the laws of the state of Illinois and is operating under the provisions of the Township Code of the State of Illinois. The Township provides the following services as authorized: general assistance welfare programs, senior services, maintenance of highways and streets, public improvements, property assessing for tax purposes and other programs funded by general administrative services. The Township is governed by an elected Board of a Township Supervisor and four Township Trustees. The Township includes all funds of its governmental operations and its component units based on financial accountability. Financial accountability includes appointment of the organization's governing body, imposition of will and fiscal dependency. The accompanying financial statements include only those funds of the Township, as there are no other organizations for which it has financial accountability. The Township is not considered to be a component unit of any other governmental unit.

The accounting policies and financial statements of Winfield Township conform to accounting principles generally accepted in the United States of America as applicable to governments. Following is a summary of the more significant policies.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the Township. The effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. All of the Township's activities are considered governmental activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported as general revenues.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues and additions are recorded when earned and expenses and deductions are recorded when the liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are intended to finance. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on general long-term debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recorded only when the payment is due.

Property taxes and interest earned are susceptible to accrual. Replacement income tax collected and held by the state of Illinois at year end on behalf of the Township is also recognized as revenue. Other receipts become measurable and available when cash is received and are recognized at that time. The Township reports the following governmental fund types:

Governmental Funds

General Town Fund – The General Town Fund is the general operating fund of the Township. It is used to account for all financial resources of the general government, except those required to be accounted for in another fund.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.

In addition to the General Town Fund, the Township reports the following major funds:

Permanent Road Fund – The Permanent Road Fund is used to account for the Township's long-term significant road improvement.

General Road Fund – The General Road Fund is used to account for the Township's maintenance and upkeep of its roads and bridges.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (cont'd)

Equipment and Building Fund – The Equipment and Building Fund is used to account for the Township's purchase of new and maintenance of existing buildings, vehicles and equipment.

Motor Fuel Tax Fund – The Motor Fuel Tax Fund is used to account for the Township's share of State motor fuel taxes and use of funds for road maintenance.

Change in Major Funds – The General Assistance Fund was previously reported as a major fund. In the year ended March 31, 2025, it is aggregated with the other nonmajor funds. The statement of revenues, expenditures and changes in fund balances – governmental funds present the change as of April 1, 2024.

Use of Estimates – The preparation of governmental-wide financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the accounting period. Accounting estimates made by the Township include: (1) determining the allowance for uncollectible property taxes, (2) establishing the useful lives for capital assets, and (3) actuarial assumptions used in the calculation of the net pension liability.

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity

1. Deposits and Investments

The Township's cash and cash equivalents are considered to be cash on hand, demand deposits and highly liquid investments with original maturities of three months or less from the date of acquisition.

Statutes authorize the Township to invest in the following:

- Bonds, notes, certificates of indebtedness, Treasury bills or other securities which are guaranteed by the full faith and credit of the United States as to principal and interest.
- Bonds, notes, debentures or similar obligations of the United States of America or its agencies.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity (cont'd)

1. Deposits and Investments (cont'd)

- Savings accounts, certificates of deposit, time accounts, or other investments constituting direct obligations of a bank as defined by the Illinois Banking Act.
- Securities legally issuable by savings and loan associations incorporated under the laws of any state of the United States of America. Share accounts and share certificates of a credit union chartered under the laws of the state of Illinois or United States of America, provided the principal office of the credit union is located within the State of Illinois. Short-term discount obligations of the Federal National Mortgage Association (FNMA). Investments may be made only in financial institutions which are insured by either the Federal Deposit Insurance Corporation or other applicable law for credit unions.
- Short-term obligations (maturing within 180 days of date of purchase) of corporations with assets exceeding five hundred million dollars (\$500,000,000). Such obligations must be rated, at the time of purchase, at one of the three highest classifications established by at least two standard rating services. This type of obligation is limited to one-third of the Township's funds available for investment and cannot exceed 10% of the corporation's outstanding obligation.
- Money market mutual funds registered under the Investment Company Act of 1940, which invest only in bonds, notes, certificates of indebtedness, Treasury bills, and other securities which are guaranteed by the full faith and credit of the United States of America as to principal and interest and agrees to repurchase such obligations.
- Repurchase agreements of government securities subject to The Government Securities Act of 1986.
- Illinois Funds and Illinois Institutional Investment Trust. The Illinois Treasurer's Office has regulatory oversight for the Illinois Funds.

Investments with maturities of one year or more from the date of purchase are stated at fair value based on quoted market prices. Investments with maturities of one year or less from the date of purchase are stated at amortized cost. All other investments, which do not consider market rates, are stated at cost. Investments at March 31, 2025, consist of a certificate of deposit with an original maturity of seven months.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity (cont'd)

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (the current portion of interfund loans), or "advances to/from other funds" (the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Advances between funds are offset by a fund balance reserve account to indicate that they are not available for appropriation and are not expendable available resources.

The Township's property taxes are required to be levied by ordinance. A certified copy of the levy ordinance must be filed with the county clerk no later than the last Tuesday in December of each year. Taxes are due and collectible one-half on June 1 and one-half on September 1 of the following year. Property taxes attach as an enforceable lien on property as of January 1. Property taxes are based on the assessed valuation of the Township's real property as equalized by the state of Illinois. The equalized assessed valuation of real property totaled \$1,881,928,712 for the calendar year 2024.

3. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, (e.g., roads, bridges, sidewalks and similar items) are reported in the government-wide financial statements. The Township defines capital assets as assets with an initial cost of more than \$5,000 for computer software, \$5,000 for machinery, \$50,000 for buildings and improvements, and \$100,000 for infrastructure with an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at their estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset, or materially extend assets' lives, are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of governmental activities is not capitalized.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity (cont'd)

3. Capital Assets (cont'd)

Property, plant and equipment of the primary government are depreciated using the straight-line method, over the following estimated useful lives:

Buildings and improvements	50 years
Machinery and equipment	10 years
Vehicles	5 - 10 years
Infrastructure	50 - 75 years

4. Deferred Outflows and Inflows of Resources

Deferred outflows of resources are defined as a consumption of net assets by the government that is applicable to a future reporting period; they increase net position, similar to assets. Note IV.A. provides further detail on the components of deferred outflow of resources.

Deferred inflows of resources are defined as the receipt of net assets by the government that is applicable to a future reporting period; they decrease net position, similar to liabilities. The Township has deferred inflows of reserves related to both property taxes and pensions. Note IV.A. provides further detail on the components of deferred inflows of resources as it relates to pensions.

5. Compensated Absences

The Township provides paid vacation for all full-time employees, using a calendar year, based on the number of years of service, with no carryover allowed for unused vacation, as follows:

1 year of service	5 paid days
2 years of service	10 paid days
5 years of service	15 paid days
10 years of service	20 paid days
20 years of service	25 paid days

In addition, all full-time Town employees receive six sick days per calendar year which cannot be carried forward. All full-time Road District employees receive six to twelve sick days per calendar year depending on length of service that can be carried forward from year to year up to a maximum of 150 days.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity (cont'd)

5. Compensated Absences (cont'd)

Upon retirement or resignation, Road District employees will receive compensation for accumulated sick days based on their rate of salary at the time of separation under the following formula:

Sick Days Accrued	Compensation Percentage
1 through 25 days	20% for 1 through 25 days accumulated
26 through 50 days	40% for 26 through 50 days accumulated
51 through 75 days	60% for 51 through 75 days accumulated
76 through 100 days	80% for 76 through 100 days accumulated
Over 100 days	100% for days accumulated up to 150

Current year compensated absences activity is as follows:

Type	Beginning Balance	Increases	Decreases	Ending Balance
Vacation	\$ 41,453	\$ 7,690	\$ -	\$ 49,143
Sick	-	-	-	-
	\$ 41,453	\$ 7,690	\$ -	\$ 49,143

6. Fund Equity and Net Position

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- Net investment in capital assets – consists of capital assets, net of accumulated depreciation and related debt.
- Restricted net position – consists of net position with constraints placed on the use either by external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or law through constitutional provisions or enabling legislation.
- Unrestricted net position – consists of all other net position that does not meet the definition of restricted or net investment in capital assets.

When both restricted and unrestricted resources are available for use, it is the Township's policy to use restricted resources first, then unrestricted resources as they are needed.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity (cont'd)

6. Fund Equity and Net Position (cont'd)

In the fund financial statements, governmental funds report fund balance as either nonspendable or spendable. A portion of the fund balance in the General Fund and nonmajor governmental funds is considered nonspendable as an offset to prepaid expenses in these funds. Spendable fund balance is further classified as restricted, committed, assigned or unassigned, based on the relative strength of the constraints that control how specific amounts can be spent.

Restrictions of fund balance are reported for amounts constrained by legal restrictions from outside parties for use for a specific purpose or externally imposed by outside entities. The Motor Fuel Tax Fund is restricted for improvements to Township roads and bridges.

Committed fund balance is constrained by formal actions, in the form of ordinances, of the Township's Board of Trustees, which is considered the Township's highest level of decision-making authority. The modification to or rescinding of a fund balance must be done by passage of an ordinance by the Board of Trustees. The fund balances for the special revenue funds represent residual amounts that can be used only for the specific purpose determined by formal action of the Township's Board. As such, these amounts are presented as committed on the individual fund financial statements and the governmental funds balance sheet. The Board of Trustees has set aside a portion of the General Fund's fund balance is committed for a future Senior Center.

Assigned fund balance represents amounts constrained by the Township's intent to use them for a specific purpose. Assignments are made at the Board level. The Township has no assigned fund balances. The fund balance in the General Town Fund is considered unassigned.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the Township considers restricted funds to have been spent first and then committed funds, assigned funds, and finally unassigned funds, as needed.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

I. Summary of Significant Accounting Policies (cont'd)

D. Assets/Deferred Outflows, Liabilities/Deferred Inflows and Net Position or Equity (cont'd)

7. New Accounting Pronouncement

The Township adopted Governmental Accounting Standards Board Statement Number 101, *Compensated Absences*, which updated the recognition and measurement guidance for compensated absences. The adoption of this statement resulted in an accrual for sick pay of \$9,146 as of March 31, 2025, as well as modifications to the disclosures in the notes to the financial statements.

The Township adopted Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections - an Amendment of GASB Statement No. 62*, effective April 1, 2024. This statement enhances the accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent and comparable information for making decisions or assessing accountability. Accounting changes covered may include changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describe the transactions or other events that constitute those changes.

II. Stewardship, Compliance and Accountability

A. Budgetary Information

Annual budgets are adopted on the cash basis method of accounting which approximates GAAP within the governmental funds. As prescribed by statutes, the Township in its budgeting process includes as a resource (amount available for current expenditures) a portion of the fund balance that has been accumulated in prior years. The budget must be approved within 90 days after the beginning of the fiscal year. The Township follows these procedures in establishing budgetary data reflected in the financial statements:

- The Board adopts a budget resolution.
- Notice is published in the paper that the tentative Annual Budget and Appropriation Ordinance is available for public inspection.
- Budget hearings are conducted 30 days after publication.
- The budget is legally enacted through passage of an ordinance by the Board.
- The budget may be amended by the Board.
- Budgets are adopted on a basis consistent with the prior year.
- A certified copy of the Budget and Appropriation Ordinance must be filed with County Clerk within 30 days of adoption.

The Motor Fuel Tax Fund is not budgeted.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

III. Detailed Notes for All Fund Types and Account Groups

A. Deposits and Investments

Deposits – At year end, the carrying amount of the Township's deposits was \$3,066,358 and the bank balance was \$3,171,663, all of which was insured or collateralized. The Township also has a certificate of deposit with a carrying amount and bank balance of \$100,000. Cash on hand at March 31, 2025, is \$100.

Interest Rate Risk – This is the risk that changes in the market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Township does not have a formal investment policy regarding interest rate risk; however, the Township does manage its interest rate risk by structuring its investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity and by limiting the amount invested for more than a short term.

Concentration of Credit Risk – The Township maintains its cash in bank deposits which, at times, may exceed federally insured limits. The Township believes it is not exposed to any significant credit risk on cash.

Credit Risk – Generally, credit risk is the risk that an issuer of a debt-type instrument will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. The Township has no investments subject to credit risk.

Custodial Credit Risk – The Township does not have a policy that directly addresses custodial credit risk. For deposits, this is the risk that, in the event of a bank failure, a government will not be able to recover its deposits. Township deposits with financial institutions are subject to custodial credit risk to the extent balances on deposit with a financial institution exceed federally insured limits.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

III. Detailed Notes for All Fund Types and Account Groups (cont'd)

B. Capital Assets

Capital asset activity for the year ended March 31, 2025, was as follows:

	Balance April 1, 2024	Additions	Retirements/ Adjustments	Balance March 31, 2025
Governmental Activities				
Capital assets, not being depreciated:				
Land	\$ 145,000	\$ -	\$ -	\$ 145,000
Right of way	9,341,739	-	-	9,341,739
Capital assets, not being depreciated	<u>9,486,739</u>	<u>-</u>	<u>-</u>	<u>9,486,739</u>
Capital assets, being depreciated:				
Buildings and improvements	1,061,804	-	-	1,061,804
Vehicles	1,448,060	127,075	-	1,575,135
Machinery and equipment	1,259,756	33,468	-	1,293,224
Infrastructure	17,151,037	-	-	17,151,037
Total capital assets being depreciated	<u>20,920,657</u>	<u>160,543</u>	<u>-</u>	<u>21,081,200</u>
Less accumulated depreciation for:				
Buildings and improvements	581,729	22,954	-	604,683
Vehicles	814,120	111,400	-	925,520
Machinery and equipment	605,412	95,199	-	700,611
Infrastructure	12,150,821	341,797	-	12,492,618
Total accumulated depreciation	<u>14,152,082</u>	<u>571,350</u>	<u>-</u>	<u>14,723,432</u>
Total capital assets, being depreciated, net	<u>6,768,575</u>	<u>(410,807)</u>	<u>-</u>	<u>6,357,768</u>
Governmental activities capital assets, net	<u>\$ 16,255,314</u>	<u>\$ (410,807)</u>	<u>\$ -</u>	<u>\$ 15,844,507</u>

Depreciation expense charged to governmental activities was allocated to general government (\$3,148) and road and bridge (\$568,206) for the year ended March 31, 2025.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

III. Detailed Notes for All Fund Types and Account Groups (cont'd)

C. Interfund Receivables and Payables

The composition of interfund balances as of March 31, 2025, is as follows:

Receivable Fund	Payable Fund	Amount
General Town	Permanent Road	\$ 7,245
General Town	General Road	19,639
General Town	Equipment and Building	7,865
General Town	Nonmajor Governmental	255
Nonmajor Governmental	General Town	28,793
		\$ 63,797

The Township anticipates refunding the interfund balances through future tax revenues or budgeted transfers.

D. Property Tax Revenue

For the fund financial statements, property taxes attach as an enforceable lien on January 1. They are levied in September of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the county and issued on or about May 1, and are payable in two installments, on or about June 1, and on or about September 1. The county collects such taxes and remits them periodically. Property tax revenues are recognized when the taxes are collected, in the year following the levy and lien date. Therefore, the revenue for the year ended March 31, 2025, is from the 2023 tax levy.

For the government-wide financial statements, the Township's property tax levy is based on a final appropriations ordinance. Property taxes are recorded as revenue in the period covered by the appropriations which they are intended to finance. The 2024 tax levy was based on the appropriations ordinance for the year ended March 31, 2025, and thus has been recorded as revenue. No collections were received on this levy and, therefore, all revenue recorded has been deferred until the subsequent year.

E. Personal Property Replacement Tax

The Personal Property Replacement Tax represents an additional state of Illinois income tax on corporations (including certain utilities), trusts, partnerships and Subchapter-S corporations and a new tax on the invested capital of public utilities providing gas, communications, electrical and water services.

Revenues are collected by the state of Illinois under the replacement tax and are allocated to the Town Funds and Road Funds separately eight times a year. The replacement tax law provided that monies received should be first applied toward payment of the proportionate share of the pension or retirement obligations which were previously levied on personal property. Remaining allocations are made at the discretion of the Board.

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

IV. Other Information

A. Employee Retirement System

General Information About the Pension Plan

Plan Description – The Township’s defined benefit pension plan, the Illinois Municipal Retirement Fund (“IMRF”), provides pensions for all full-time employees of the Township. IMRF is an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. The types of benefits and benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained on-line at www.imrf.org.

At December 31, 2024, the IMRF Plan membership consisted of:

Retirees and beneficiaries	21
Inactive, non-retired members	6
Active members	<u>17</u>
Total	<u>44</u>

Benefits Provided – IMRF provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Participating members hired before January 1, 2011, who retire at or after age 60 with 8 years of service, are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3 percent of their final rate (average of the highest 48 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service up to 15 years, and 2 percent of each year thereafter. Employees with at least 8 years of service may retire at or after age 55 and receive a reduced benefit. For participating members hired on or after January 1, 2011, who retire at or after age 67 with 10 years of service, are entitled to an annual retirement benefit, payable monthly for life in an amount equal to 1-2/3 percent of their final rate (average of the highest 96 consecutive months' earnings during the last 10 years) of earnings, for each year of credited service, with a maximum salary cap of \$127,283 and \$125,774 at January 1, 2025 and 2024, respectively. The maximum salary cap increases each year thereafter. The monthly pension of a member hired on or after January 1, 2011, shall be increased annually, following the later of the first anniversary date of

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

IV. Other Information (cont'd)

A. Employee Retirement System (cont'd)

General Information About the Pension Plan (cont'd)

Benefits Provided (cont'd)

retirement or the month following the attainment of age 62, by the lesser of 3% or ½ of the consumer price index. Employees with at least 10 years of credited service may retire at or after age 62 and receive a reduced benefit. IMRF also provides death and disability benefits.

Contributions – Employees participating in the plan are required to contribute 4.50 percent of their annual covered salary to IMRF. The employees' contribution rate is established by state statute. The Township is required to contribute the remaining amount necessary to fund the IMRF plan as specified by statute. The employer contribution and annual required contribution rate for calendar years 2025 and 2024 were 3.92 percent and 4.02 percent, respectively. The Township's contribution to the Plan totaled \$55,428 in the current fiscal year which was equal to its annual required contribution.

Net Pension Asset

The Township's net pension asset was measured as of December 31, 2024, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date.

Actuarial Valuation and Assumptions – The actuarial assumptions used in the December 31, 2024, valuation were based on an actuarial experience study for the period January 1, 2020 – December 31, 2022, using the entry age normal actuarial cost method. The total pension liability in the December 31, 2024, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	2.85% to 13.75%
Investment rate of return	7.25%
Post-retirement benefit increase:	
Tier 1	3.0%-simple
Tier 2	lesser of 3.0%-simple or ½ increase in CPI

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

IV. Other Information (cont'd)

A. Employee Retirement System (cont'd)

Net Pension Asset (cont'd)

Actuarial Valuation and Assumptions (cont'd)

The actuarial value of IMRF assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at March 31, 2025, was 19 years.

Mortality Rates – For non-disabled lives, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 108.0%) and Female (Adjusted 106.4%) tables, and future mortality improvement projected using scale MP-2021. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2021.

Long-term Expected Rate of Return – The long-term expected rate of return is the expected return to be earned over the entire trust portfolio based on the asset allocation of the portfolio, using best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) developed for each major asset class. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Equities	33.5%	4.35%
International equities	18.0%	5.40%
Fixed income	24.5%	5.20%
Real estate	10.5%	6.40%
Alternatives:	12.5%	
Private equity		6.25%
Commodities		4.85%
Cash equivalents	1%	3.60%

Winfield Township, DuPage County, Illinois
Notes to the Financial Statements (cont'd)

IV. Other Information (cont'd)

A. Employee Retirement System (cont'd)

Net Pension Asset (cont'd)

Discount Rate – The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that Township contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees for the next 99 years. Therefore, the long-term expected rate of return on pension plan investments (7.25%) was applied to the next 99 periods of projected benefit payments, and then the municipal bond rate of 4.08% (based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date was utilized, resulting in a single discount rate of 7.25 being used to determine the total pension liability.

Changes in Net Pension Asset

	Total Pension Liability	Plan Fiduciary Net Position	Net Pension (Asset) Liability
Balances 12/31/23	\$ 8,114,325	\$ 8,313,425	\$ (199,100)

Discount Rate Sensitivity – The following presents the net pension asset of the Township, calculated using the discount rate of 7.25%, as well as what the Township's net pension asset would be if it were calculated using a discount rate that is one percentage point higher or lower than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Net pension (asset)			
Liability	\$ 646,960	\$ (306,149)	\$ (1,081,836)

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued IMRF financial report.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended March 31, 2025, the Township recognized pension expense of \$220,163 in the government-wide financial statements. At March 31, 2025, the Township reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows of Resources
Differences between expected and actual experience	\$ 46,631	\$ -	\$ 46,631
Changes in assumptions	299	-	299
Net difference between projected and actual earnings on pension plan investments	193,477	-	193,477
Subtotal	240,407	-	240,407
Contributions subsequent to the measurement date	11,586	-	11,586
Total	\$ 251,993	\$ -	\$ 251,993

Notes to the Financial Statements (cont'd)

IV. Other Information (cont'd)

A. Employee Retirement System (cont'd)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont'd)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending March 31,

2026	\$	125,993
2027		267,652
2028		(105,013)
2029		(48,225)
		<hr/>
	\$	<u>240,407</u>

B. Risk Management

The Township is exposed to various risks of loss related to torts, theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; or acts of God.

The Township is a member of the Township Officials of Illinois Risk Management Association (TOIRMA), which provides sufficient coverage to reduce the risk of any material loss. There have been no significant reductions in coverage in the current year, and there have been no settlements in excess of coverage in the past three years. The Township made an annual contribution of \$85,984 during the year ended March 31, 2025.

C. Deferred Compensation Plan

The Township offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Township employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. In accordance with GASB Statement 32, the Township does not report these funds in these financial statements.
